### MONROE COUNTY AGRICULTURAL SOCIETY. ●

---

In the year 1833, an Agricultural Society was formed, of which William Garbutt, of Wheatland, was the presiding officer. After a vacation of several years, the Society was revived, in a somewhat different form under the title of the "Genesee Agricultural Society." On the 28th of May, 1841, a Society was organized, embracing a large portion of the Western part of this State.

During the session of the Legislature for 1841, a law was passed giving a bonus of \$8,000 to the different counties, in proportion to their population, on condition of their raising, in each county, an equal amount—the share of the county of Monroe being \$194.

In consequence of the passage of this law, the Genesee Agricultural Society, by a vote of its members, changed the name to that of the Monroe County Agricultural Society, and restricted its limits to the County.

Annual meetings are held on the second Wednesday in December, and the Annual Fair in Autumn of each year.

Since its more recent organization, the Society have held several successful and profitable Exhibitions and Fairs—and have also been favored with the delivery before them of several eloquent and spirited addresses.

**FEMALE CHARITABLE SOCIETY.**

[For the following items relative to this truly benevolent Institution, we are indebted to a brief sketch of its rise and progress, prepared by Mrs. JAMES K. LIVINGSTON, in 1844, from which we extract.]

"The Society was first organized, prior to the year 1827, at the house of EVERARD PECK, and Mrs. P. was chosen Treasurer. Its formation was the result of a Charity School, which had been established previous to the year 1822, and taught alternately by the Ladies in a room on State street, which was owned and gratuitously granted for the purpose, by the late JOSIAH BISSELL, near the premises now occupied by the City Bank. The educational wants of the poor, together with other destitutions consequent upon sickness in a new country, prompted the foundation of this Society, on the 26th day of February, 1822, for the purpose of more efficient action.

Thus, we find even at this early day, that our citizens considered the poor, and according to their ability, afforded them advantages equal to their own, for schools of any kind were at this period, 'few and far between.'

The first garments collected for distribution, were donations from the ladies, of some articles needed. Beds and bedding, and other conveniences for the sick, were, at that time, and have been ever since, lent to the individuals, to be returned by the Visitor, upon their recovery. Infants' clothing has been given from time to time; and for many years the children of the school were clothed by the Society. A school lot was presented by the late Col. FITZHUGH, situated at that time upon the outskirts of the village, near the forest, but which, it was known would soon be valuable. It is now an eligible lot on North Washington street, with a plain building upon it. Since the establishment, however, of our Common School system in this city, the school has been discontinued, except for the purpose of teaching the children of the poor to sew. The number of districts for the visitation of the sick has increased from fifteen to sixty-one. The duties of the Treasurer are already quite onerous.

"One happy feature of the Society, has been its freedom from all bigotry of sect or party—all classes of our citizens are cordially invited to lend a helping hand; while also, all classes who need its aid, share with equal willingness in its benefits.

"A sermon has been preached annually in aid of its funds. Its first sermon was preached by the Rev. Mr. Cumming, of St. Luke's Church."

 ROMAN CATHOLIC ORPHAN ASYLUM.

This Institution, for the support and education of destitute orphan children, is situated on Frank street, in rear of St. Patrick's Church, the ground on which it stands being the property of that congregation. It is a large and handsome brick building, and was opened for the reception of inmates in July, 1842, since which time many destitute orphans of both sexes have been admitted. Of this number forty-five (all females) are at present in the house, the few remaining male children being supported out of the Institution. The means of support are derived from the subscriptions of the members of the Catholic Orphan Asylum Society, lately incorporated by the Legislature—from the donations of charitable individuals; and from the proceeds of Annual Fairs, which have hitherto been liberally patronized by the citizens of Rochester generally.

This establishment is under the exclusive control of six Sisters of Charity, who also teach a Select School, "The St. Patrick's Female Seminary," which is attended on an average, by about one hundred pupils. There is also a Free School taught by the Sisters of Charity, which is attended on an average by about one hundred and eighty pupils. The Female Sabbath School taught by them, assisted by others, numbers nearly 300 pupils.

To meet the increasing wants of the Asylum, the Trustees during the past few years, have made additions equal in extent to the former building, and erected an additional story to the entire structure. It is now a large and commodious building, well adapted to promote the comfort and health of its inmates.

The whole front of the building, it will thus be seen, is 382 feet in length. It is furnished with a steam engine of three horse power, which is used in part to elevate water from the cistern to a tank of the capacity of 2500 gallons in the fourth story, from which water is taken by means of lead pipes to all parts of the House, where its use is required.

In the basement of the north wing, there is a plunging bath of the capacity of 5000 gallons; also shower baths, by means of the lead pipes for each of the delinquents.

The Chapel, which is well arranged, will seat over four hundred persons.

The dormitories will accommodate over 360 delinquents—they are seven feet square, well lighted and ventilated.

## BOARD OF EDUCATION.

---

The Free School system was established in this city in May 1841, and is under the control of a Board of Education, consisting of two Commissioners from each Ward, elected annually on the first Tuesday in March, and a Superintendent appointed by the Board. Through this system, it is calculated that every child in the city is entitled to an education, gratuitously—the system receiving its support by a general tax. There are at present Seventeen School Houses, the majority of which are erected of brick; most of them are commodious buildings, and not inferior to many of the Academies of this State. There is also a School for Colored Children, embracing the entire city. Between six and seven thousand children have attended the Public Schools since the commencement of the current school year. Cost of School Houses over \$50,000.

## Cemeterics.

### MOUNT HOPE CEMETERY.

---

This Cemetery is beautifully located in the south part of the city, bordering on the City Line, at the termination of a range of hills, overlooking the Genesee River, which runs at its western base. It originated with the city authorities in 1836, and in the year 1838, fifty-three acres were purchased, and the Cemetery opened for Interments. Subsequently, in 1840, two other purchases, of ten and nine acres were added, making the present area of the Cemetery in all seventy-two acres.

The entrance is on Mount Hope Avenue, a continuation of South St. Paul street, on the east side of the River, and consists of carriage and other entrance gates, built in the Egyptian style, in semi-circular form ; passing through which, the carriage roads and foot paths, diverge in various directions. In ascending, the visitor is at every point struck with admiration, at the singular appropriateness of

the extraordinary natural formation of the land, for the sacred purposes to which it is now applied. The quiet and solemn nooks, and corners, and romantic glens, are rapidly filling up with our departed citizens; many of their resting places being marked by the erection of splendid Monuments, which, with the general character of the plans adopted in laying out the grounds, and the fine view of the city obtained from the highest elevations, make it an exceedingly interesting spot for our citizens and their friends from abroad to visit.

The Cemetery is under the management of two Commissioners appointed by the Common Council, assisted by the City Comptroller, who is *ex officio* member of the board.

The office of the Superintendent is at the Cemetery, to whom all applications for interments should be made.

COMMISSIONERS.

William Brewster, Hamlin Stilwell.  
John B. Robertson, Comptroller.  
James Hair, Superintendent.

---

ST. PATRICK'S CEMETERY.

A Roman Catholic Cemetery, very pleasantly situated on the western side of the Pinnacle, overlooking the city, containing about fifteen acres of land, laid out in terraces, and the plans altogether very tastefully arranged. The revenue arising from the interments is now all applied to improving the grounds, which is rapidly progressing.

Thomas McFadden is the resident keeper, by whom access is afforded to visitors at all times.

---

ST. JOSEPH'S CEMETERY.

A Dutch Roman Catholic Cemetery, located on the side of the New York Central Railroad, near Goodman street, containing about nine acres of land. It is the resting place of the German population of our city, and as viewed from the Railroad, has a very picturesque appearance, with its quaint and singularly shaped monuments, reminding many of the burial grounds of France and Germany.

Many of our citizens displayed commendable liberality on this occasion, some paying \$25 for a single pound. One Fire Company paid \$100 for one half pound.

## YOUNG MEN'S CHRISTIAN ASSOCIATION.

This Association was organized March 17, 1854. It originated in the earnest desire of the Christian Young Men of our city, to be more closely banded together, and to secure by union of efforts, greater efficiency in their Master's Work. Its objects are to seek out the youth, who come as strangers to reside in our midst, to introduce them to Christian society, and in every possible way, to shield them from the temptations incident to city life. It also aims to promote the cause of Sunday School instruction, of tract distribution, to visit the sick, and to find out and relieve the needy and deserving.

The course of the Society since its formation, has been steadily progressive. It now numbers about 300 members, has central and attractive rooms, in Corinthian Hall, with a library, papers, pamphlets, and periodicals.
