SUPPLEMENT

TO

THE 1912-1913 BLUE BOOK

Number.....

Leased to.....**under conditions and restrictions contained in your contract with this company**

To be used with your 1912-1913 Blue Book and to be returned to this company with this book

This Supplement contains:

First:—New names with ratings added to our files since October 1912.

Second:—Changes in ratings, addresses, &c.

ALWAYS USE THE BLUE BOOK FIRST, SUPPLEMENT LAST.

If a name published in the Blue Book does not appear in the Supplement, it indicates that we have no reason to republish the rating published in the Blue Book.

Users should remember, that as a general rule, buyers deal with all merchants alike. A merchant who does not profit by the experience of others, is violating a law of commerce and in the end will find it out.

Less than forty per cent. of the people are always prompt pay. Less than ten per cent. of the people are not entitled to any credit under any circumstances.

The problem of credits is to find out who DOES pay their bills rather than who DOES NOT.

Our Blue Book and this Supplement supplies you with the names and addresses of approximately one hundred thousand retail buyers of Rochester, with an impartial and truthful expression of opinion by a merchant or merchants who have given them credit and what that merchant thinks of the responsibility of the person rated.

Our service will be worth much to the intelligent and diligent user, but the indifferent and careless user cannot and will not obtain the best results.

October 1, 1913.
